Dear Commissioners:

The South Carolina Trucking Association, Movers Conference Board of Directors met Monday January 29, 2008 to discuss a response to the Public Service Commission proposed institution of a Max Rate Tariff system. Our collective comments are:

With respect to Docket # 2007-421-T:

- We believe the current tariff system serves the consumers of South Carolina
- A change in our current system would be confusing to the consuming public
- Rural customers would not be served as Movers would charge more to travel to outlying locations
- SC has a history of well established moving companies and a change would bring instability to the state industry
- This action would create an additional burden on the PSC
- This proposed change would be ultimately counterproductive to the goals of the PSC
- SC's current system of tariff filings by individual company is a system the Federal Government has been trying to implement ever since deregulation in 1980

With respect to Docket # 2007-445-A:

- We support any Law that allows for an audit of consumer invoices and allows for refunds and collections of improperly invoiced bills of lading
- We support any Law that effectively regulates the moving of Household Goods by storage container

Thank You for the opportunity to comment.

Respectfully submitted,

E. Al Adams

President / Movers Conference
